“... in-your-face earworms, the kind that’ll dig trenches and cement themselves into your brain.”  
**The Line of Best Fit**

**IndianRedLopez** and **CS Buchan** are delighted to announce their forthcoming 7-inch split single **Any Given City / Leave It All Behind** via **Fit Like Records** due for release on **16th June 2014**.

The collaboration is the first vinyl release on Fit Like Records, which was founded by CS Buchan himself, and features an impressive list of contributors such as **IndianRedLopez**, **The Little Kicks** and **Kitchen Cynics** along with Buchan’s daughter Katie who’s ethereal vocals feature on both tracks.

Any Given City is the first track taken from the recent IndianRedLopez album release **Commit**. The song perfectly encapsulates the sentiment of a superbly crafted album and sums up why it has received praised in the press for the craft of the band’s ambitious songwriting. Drawing comparisons to the likes of **Mew**, Any Given City’s sprawling sounds offer a warmth and beauty only heightened by the interchange of harmonies between **Mike Chang** and **Katie Buchan**’s alluring vocals.

Leave It All Behind sees CS Buchan continue an exploration of Scottish indie folk that has seen him compared to contemporaries such as **Kris Drever**, **John McCusker**, and **Roddy Woomble**. A dream-like, rhythmic guitar piece is brought to life by the aforementioned vocals of Katie Buchan who’s voice has a warmth and maturity that belies her tender years of just 15 years old.

Both tracks are a testament to a burgeoning and talented music scene in the north-east of Scotland and a fitting launch for a record label that surely will be one to watch out for in the future.

The 7” vinyl of **Any Given City/Leave It All Behind** will be released via **Fit Like Records** on **16th June 2014**.
