

## art for kunst goes Upmarket

**Art for Kunst is an exciting new project, offering highly collectable and functional art pieces from established street and graffiti artists and the freshest new talent - Aida, Dora, Mac1, Juice 126, Dscreet, Faith47, Plimsoul and Zoot - all at affordable prices!**

Art for Kunst made its debut last year at The Old Truman Brewery's 'All I Want for Christmas' market selling 10 designs in special edition, limited run (50 per design) gift packs comprising an artist T-shirt (S, M, L or XL) and an A6 framed print. Each gift pack retailed at £65. The stall was highly successful and gained the brand and the artists lots of exposure.

Now Art for Kunst is back, this time at Sunday Upmarket in East London. AfK will be selling the last of their limited edition gift packs every Sunday from 10am-5pm for the next four weeks at the bustling market so make sure you get yours fast!
