Amsterdam based Alternative/R&B duo **BUNGALOW** are preparing to showcase their multi-faceted brand of synth-heavy electronic music to a wider audience as they gear up for the release of single ***Loving It***, out on **6th July 2018**.

Combining R&B-infused grooves with a silky smooth chillwave production, *Loving It* sees BUNGALOW create a sumptuous, almost dreamlike sound; a perfect soundtrack to those long summer nights. With an ability to incorporate poignant, personal, thoughtful lyrical content with lush retro-style synths, BUNGALOW display the rare qualities of a band who are willing to experiment with soundscapes, not bound or defined by any one genre.

Consisting of multi-instrumentalists **Thomas Harmsen** and **Camille van de Pavert**, BUNGALOW began writing songs as a duo at an underground hip-hop recording studio along the canals of Amsterdam. This basement studio was made from unfinished wood which made it look like a house in the forest. Inspired by their surroundings, BUNGALOW was officially born. Since their inception, BUNGALOW have played venues such as **Paradiso**, **Tivoli** and supported acts like **Public Service Broadcast**, as well as picking up an impressive list of press support including **Noisey**, **HillyDilly**, **The Burning Ear**, **3voor12** and **Indietronica**.

Loving It is due for release on **6th July 2018**.
