For fans of... Troye Sivan, Sia, Robyn

Electro-pop artist **Beauty** is set to release brand new single ***Grown Up*** on **September 16th 2016** via **BeautysMusic**.

Singer-songwriter and dancer, the multi-talented **Beauty** (aka **Mark Thompson**) describes *Grown Up* as being inspired by a much needed conversation with his best friend - a bitter-sweet song about nostalgia and all the unwanted responsibilities of adult life.

Flowing with Beauty's impassioned vocals, glitchy beats and catchy melodies, *Grown Up* is a gritty slice of electro-pop influenced by the likes of **Sia**, **Robyn** and **Sam Smith**. Oozing twinkling, uptempo vibes alongside heartfelt emotive reflections, *Grown Up* is sure to propel the popstastic sounds of Beauty into the mainstream in no time.

Grown Up will be released on **16th September 2016** via **BeautysMusic**.
