"...melodic, fist-pumping pop rock."

- Artrocker

Copper Lungs are delighted to announce their free download single ***Cloud Nine***, due for release on **27th October 2014** via **Thin Hippo Records**.

The band, who consist of **Darren Lindsay** (guitar/vocals), **John Cargill** (guitar, vocals), **Jamie Mayes** (bass, keys) and **Euan Ross** (drums), have been quick to produce another uplifting track on the back of what has been an extremely successful year so far. Having released their self-titled EP in April to a flurry of support from the likes of **BBC Introducing**, **STV**, **Rock Sound Magazine**, **Bring The Noise** and **Artrocker**, Copper Lungs embarked on a busy summer period with appearances at **GoNorth**, the **BBC Academy** at the **QMU** in Glasgow, **T in the Park** and **Wickerman Festival**.

Cloud Nine sees the band continue where they left off on their self-titled EP by producing stirring, harmony laden pop-rock tunes that has seen them draw favourable comparisons to the likes of **Two Door Cinema Club** and **Twin Atlantic**. Emotive lyrics are further enhanced by up-tempo guitar solos, a beat that will have you shaking your hips and a big, bold chorus expertly delivered by lead vocalist Darren Lindsay.

To support the release Copper Lungs will be playing **#LiveWednesdays** at the **Hard Rock Cafe** in Glasgow on 12th November in association with **XFM Scotland** before they co-headline with **Our Future Glory** at **Buskers Dundee** on 15th November.

Cloud Nine will be available to download on **27th October 2014** via **Thin Hippo Records**.
