*“...moody, poignant pop beats with crystal clear vocals...”* - **The Skinny**

Edinburgh-based electro pop singer songwriter **EMILIE**, aka **Emily Atkinson**, has returned with another stunning single, **Never Enough**, out on **10th March 2017** via **Depot Records**.

*Never Enough* is an intricate piece of electronica effortlessly blending EMILIE's smooth, soaring vocals with the track's multi-layered pop beats, brilliantly creating a moody alternative pop sound for a contemporary audience. The single tackles themes of greed that exist in today's world resulting in a loss in the value of what truly is important to us. *Never Enough* instantly generates a keen sense of atmosphere, as EMILIE expertly combines a storytelling charm with soothing melodies, creating a sound that could be compared favourably to the likes of **Låpsley** and **BANKS**.

Despite her tender years, EMILIE has an unerring ability to produce impressively crafted compositions, performing vocals and synths on all of her songs, while enlisting the skills of drummer **Steve Morrison** (percussion, sampling). EMILIE's previous single *Eyes For You* received critical acclaim from a slew of respected online and print publications with support coming from the likes of **The Line of Best Fit**, **The Skinny**, **The Scotsman** and **Songwriting Magazine**. In the past year she has also become a regular on the Scottish live circuit, supporting **SG Lewis** in Glasgow as well as performing at a sold out show for her debut EP launch.

2017 promises to be a huge year for EMILIE as she gears up for the release of *Never Enough* as well as supporting rising Scottish artist **Be Charlotte** on **18th February 2017** at the **Electric Circus**, Edinburgh.

**Never Enough** is out on **10th March 2017** via **Depot Records**.
