Flower Fellow
Madman

Artist: Flower Fellow

Single: Madman

Label: Circus City Records

Release Date: 4th September 2015

For Fans of... Lucy Rose, Julia Stone, Feist

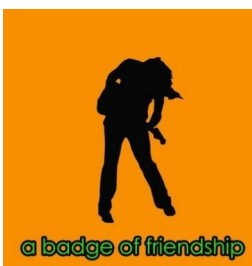

Flower Fellow aka **Colette Olive** may be only seventeen but she's a child of the seventies at heart. She expresses her bohemian bliss through flowers, flowers everywhere with her latest single **Madman** conveying her hippy-folk influences via wistful vocals and melodies.

The single is an enchanting folk tale filled with rumbling bass and Colette's powerful yet delicate voice creating a beautifully layered wall of sound. Colette's voice has a brilliant edge to it but with the tenderness of **Lucy Rose**.

Hailing from a quiet town on the outskirts of London, Colette's influences were icons such as **Janis Joplin**, **Jeff Buckley** and **Stevie Nicks**. She also found inspiration in literature, particularly **Sylvia Plath** and **Virginia Wolf**, however, it was her move to London to begin Art College when she truly felt like she belonged.

Flower Fellow has already caught the attention of the likes of **BBC Introducing**, **IDOL Magazine** and **Drunken Werewolf** as well as playing live sessions for **Mahogany**, **Daytrotter** and **Fortitude Magazine**.

Madman is out on **September 4th** via **Circus City Records**.
