Kapil Seshasayee returns with his latest single ***Brazen***, due for release on **27th October 2015** via **Fu Inle Records**.

Brazen picks up from the recently re-released EP *Crimes*, with Kapil laying bare his interpretation of intense, complex noise rock. Defying populist conventions, Kapil creates highly experimental music, music that is both challenging and jagged, tying your ears in knots as the probing riffs and samples offer an ominous uneasiness, juxtaposed by a beautifully smooth vocal delivery. *Brazen* illustrates Kapil's continued growth as a musician, as he departs slightly from the intricate dissonance of his earlier releases, and stretches his wings into new harmonic and rhythmic arenas.

Based in Glasgow, Kapil has created something more complex than the average singer songwriter, as he straddles the line between the avant-garde and progressive alternative rock. Having supported the likes of **Dead Rider**, **Screaming Females** and **Alright The Captain**, Kapil has been able to translate his unique noise onto the live stage and he will be heading out on a UK tour before the end of the year supporting the release of his forthcoming single, *Brazen*.

Having picked up support from the likes of **State**, **The Vinyl District**, **Soundblab** and **Punktastic** and singing to renowned DIY label **Fu Inle Records** (**He Was Eaten By Owls**, **Patchwork Natives**), Kapil will be looking to end 2015 on a strong note before releasing his debut album *A Sacred Bore* in 2016.

Brazen is out on **27th October 2015** via **Fu Inle Records**.
