Leisure Tank
Higher

Band: Leisure Tank

Single: Higher

Label: Goddamn Records

Release Date: 14th March 2018

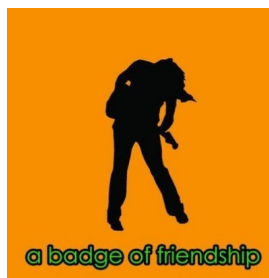

For Fans of... PJ Harvey, Blood Red Shoes, The Joy Formidable, Led Zeppelin

Indie-rock power duo **Leisure Tank** return with punchy new single, **Higher**, out **14th March 2018** via **Goddamn Records**.

Influenced by alternative, independent and analogue rock music of the last 50 years, Leisure Tank create raw, minimalistic rock with unpredictable song structures and heavy, danceable grooves. *Higher* combines **K.C McKenzie**'s dynamic vocal and energetic guitar riffs with **Budi**'s pulsating drum beats to create something both distinctive and undeniably catchy. Talking about the track, Leisure Tank explain, "its about the twisted feeling one gets when someone tells a one sided, self-pitying break up story".

Since forming in 2014, Leisure Tank have released a debut album, *Wetsuit*, which was recorded and produced by **Alex McGowan (Tiger Lillies, Son of Dave, Jah Wobble)**. The duo have also graced the stage at acclaimed events such as **Camp Bestival, Mellow Festival** and **Borderline London** to name but a few.

Higher is out **14th March 2018** via **Goddamn Records**.
