Swedish duo **Newtimers** release their forthcoming **EP One** on **June 10th 2016** via **Cosmos Music**.

The EP is a blend of synth pop, RnB and 80s soul with the duo **Andreas Britton Cavaco** (vocals) and **Tim Lundblad** (drums, production), finally coming together as Newtimers after writing and recording music for many years under various guises for miscellaneous projects and collaborative ventures.

The tracks on the EP were written at a time when the pair were both suffering from broken hearts. "It's full of who, what, wheres and whys - seeing past, present and future," say the band and although the songs were written under somewhat sad circumstances, there's more hope here than melancholy.

The duo have had dalliances with various labels from indies to majors but finally as Newtimers, they're ready to present their own brand of alt pop to the masses. Previous single **Perfect Ten** racked up nearly 90k plays on Spotify and the way the pair combine their influences, carving out their own unique space within the pop genre, is their biggest draw - it's hard to pin Newtimers down and that's a good thing.

The EP also features two remixes of forthcoming single *Best Of Me* by **Monsieur Adi** and **Sailor & I**. Critically acclaimed Monsieur Adi is known for creating the official remixes for **Ellie Goulding** as well as **Beyonce**, **Bastille**, **Lana Del Rey** and **The Kooks**.

Newtimers' *EP One* is the perfect introduction to a band that are more than the sum of their various influences, they create modern pop that's full of heart, soul and depth.

EP One is out on **June 10th 2016** via **Cosmos Music**.
