RIPL EMA

Band: RIPL

Single: EMA

Release Date: 2nd February 2018

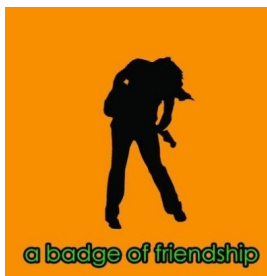

For Fans of... Frank Turner, Ben Howard, Vance Joy

German multi-instrumentalist **RIPL** returns to our ears with his second single, **EMA**, out **2nd February 2018**.

Oozing RIPL's soaring, impassioned vocals and delicate strummed guitar melodies, *EMA* is a truly infectious slice of rich folk-pop. Reflecting on those times in life when you try desperately to make yourself heard, it's an emotion-strewn creation, with a sound akin to **Frank Turner**, showcasing RIPL's enigmatic songwriting ability.

Since moving to Scotland in 2014, RIPL has been making a name for himself on the live circuit, charming crowds at open mic nights across the country. RIPL taught himself to play guitar at the age of six and has since become the first German musician to record at the renowned **Abbey Road studios** in 2011. He has also recorded this new single alongside **Grammy Award** nominated producer **Adam Coltman (Ed Sheeran)**.

EMA is out on 2nd February 2018.
