

SINGLE PRESS RELEASE

Remembering August *Stay*

Artist: Remembering August
Single: *Stay*
Release: 20th September 2014
Format: Digital Only
For fans of: The Civil Wars, Lady Antebellum

Remembering August release their latest single ***Stay***, from their forthcoming second EP ***Brother***, on **20th October 2014**. Formed from a collision of musical taste and a tangle of blonde locks, Remembering August are a duo steadily captivating intimate audiences across Wales.

Stay fuses smouldering romance with yearning anguish to beautiful effect - their soaring soul-filled harmonies are absolutely flawless. Straight from the start, you can hear the passion in their voices that is not far from the emotional chemistry of **The Civil Wars** and **Lady Antebellum**. The layering of instruments from the strings and keys enhances this further with the result sounding intimate, intriguing and, like your first kiss, makes you fall in love all over again.

Having met whilst studying Music Technology in Bridgend South Wales, **Jessie Hallett** and **Luke Searle** discovered they shared the same love of classic 70s artists such as **Fleetwood Mac**, **Bruce Springsteen** and **Bob Seger**. Although both only 18, there's a **Stevie Nicks/Lyndsay Buckingham** chemistry, which generates a combination of mystery, charm and passion.

Soon after, they met **Ed Sheeran** collaborator, **Amy Wadge**, who instantly connected with the duo and offered to produce their debut EP. This led to airplay on **BBC Radio Wales**, **Radio Cardiff**, **Radio Newport** and **GTFM**. In May 2014, they were also chosen to open for **Katy Perry** on her **Birmingham LG Arena** show.

Stay is released on **20th October 2014**.
