

SINGLE PRESS RELEASE

Shambles In a Husk

Cowboy Doom

Release date: 3rd March 2014

Label: Red Medicine Records

For fans of... Adebisi Shank, Hella, Refused, The Dillinger Escape Plan

Shambles In A Husk announce their debut single, ***Cowboy Doom***, out now via **Red Medicine Records**.

Cowboy Doom opens with a face melting demonstration of expert guitar work, coupled with vocals ripped from the depths of a tortured soul. This is a band who've got something to say, and they're saying it loud. The single moves seamlessly between a hectic, foot stomping anthem brimming with expertly crafted riffs akin to **Adebisi Shank** and an explosion of glorious noise, imagine **Refused** meets **The Dillinger Escape Plan**. It's an outstanding mission statement for a band that are fresh on the scene, with themes reminiscent of **Tetsuo: The Iron Man**, casting a stern lyrical eye on mankind's dependence on technology.

Based in Glasgow, **Steven Murray** (Guitar & Vocals), **Kyle Shields** (Guitar & Vocals), **Jonathan Beveridge** (Drums) and **Steven Adamson** (Bass) formed Shambles In A Husk from the remnants of **Crusades** and **The Darien Venture** in late 2013. Despite the keen support from the likes of **The Herald**, **This Is Fake DIY**, **Rock Sound**, **Amazing Radio** and many more, they decided to make a fresh start so they could hone their talents as songwriters and develop their live shows. The band are heavily influenced by the Washington DC DIY scene and the ethos of bands such as **Fugazi** and **Black Flag**.

With three more singles in the pipeline, and their debut EP slated to wrap up 2014 along with a European Tour, *Cowboy Doom* is only the first step for a band that's sure to cause a ruckus on the UK's rock and metal scene.

Cowboy Doom is released **3rd March** via **Red Medicine Records**.
