Tom Hale
In The Night

Band: Tom Hale

Single: In The Night

Label: Tom Hale

Release Date: 7th July 2017

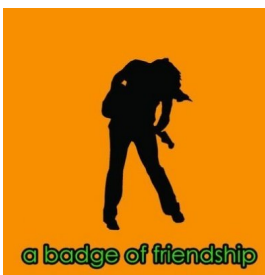

For Fans of... Richard Hawley, The Last Shadow Puppets, Doves

Hailing from Barnsley, **Tom Hale** has spent the last six months writing and recording his debut EP ***In The Night***, which is set for release on **7th July 2017**.

Title and lead track *In The Night* is filled with sweeping, cinematic melodies that flow alongside Hale's deep drawl and a soaring romanticism. Reminiscent of fellow South Yorkshire crooners Alex Turner and Richard Hawley, the track tells the story of a man falling in love in his dreams; it's an epic, musically rich ballad filled with uplifting strings and an emotion-strewn power.

After fronting previous bands in the past, including indie-rockers **ROOD**, Hale has now decided to go solo, to discover his own unrestricted style. Inspired greatly by the work of composer **Henry Mancini**, he has written and produced the EP himself, and hopes to allure listeners with this imaginative and compelling collection of songs.

In The Night, the debut EP from **Tom Hale**, is out **7th July 2017**.
