Tetish, the brainchild of **Etan Salomon** and **Itai Shiritit**, are set to release their debut self-titled album, out **22nd July** via **Solarie Records**.

The duo have been active members of the local Tel-Aviv indie music scene for a number of years now, both having released material while working on different projects, but it wasn't until after the long-time friends started to play around with a few ideas towards the end of 2014 that they discovered they were able to take each other's music to the next level.

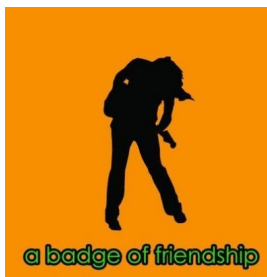

18 months on and the pair have achieved a dynamic sound perfectly encapsulated on their debut album, with a medley of influences from pop and rock all the way through to classical and middle eastern music, giving Tetish a deep, rich, complex and ultimately unique sound. Openers *Luck and Glow* draw comparison with classic artists such as **Laura Mvula** as well as contemporary musicians like **Jessie Ware**, whereas *Shipwreck* explores the band's pop/rock leanings and is a nod to influences ranging from **The Cardigans** to **Bat For Lashes**. Salomon explains "the album is about the longing for self-fulfilment, about the struggle between reality and our hopes, dreams and ideals, in life, in art and in relationships."

Both Salomon (vocals/keyboards) and Shiritit (keyboards/vocals) are classically trained musicians which becomes apparent on the record as they showcase their skills through the quality of their musicianship and arrangements. Their sound is further enhanced by **Nir Shlomo** (guitars/vocals), **Noam Shacham** (bass/vocals) and **Daniel Azta** (drums/vocals) who joined from Shiritit's previous band **Kalbey Ruach** and are noted for their session work with bands such as **Eatlitz**, **Brain Candies** and **Lola Marsh** respectively.

Tetish are intensely determined to expose the world to their sound as they attempt to reach and relate to as many people as they possibly can. It's been a great start for the band as their demos were picked up by some of the biggest local radio stations as well as being picked up for **CMW** in Toronto, **CMJ** in New York and this summer's **WOMAD Festival** here in the UK. While in the UK, they are planning to play a number of dates with details due to be announced in early summer 2016.

Tetish's self-titled album is out via **Solarie Records** on **22nd July 2016**.
