

SINGLE PRESS RELEASE

The Phantoms

Shadows

Band: The Phantoms

Single: Shadows

Release Date: 21st April 2017

For Fans of... Kasabian, The Vaccines, Foals

Formed back in 2012, Scottish four-piece **The Phantoms** have earned quite a reputation for their energy-fuelled live shows. Now, releasing their new single **Shadows** - out on **21st April 2017** - they look set to take the rest of the UK by storm.

Comprised of **Colin Simpson** (vocals/guitar), **Euan Crowe** (lead guitar), **Blair Cullen** (drums) and **Zach Tarimo Goodhur** (bass), The Phantoms create their own distinct brand of sweeping, anthemic indie-rock. With infectious hooks reminiscent of the likes of noughties legends **Kasabian**, *Shadows* is an undeniably catchy track, propelled by driving beats and whirring reverb.

The quartet has already supported **Catfish And The Bottlemen** and **We Were Promised Jetpacks**, as well as playing **Isle Of Wight Festival** and selling out King Tuts in Glasgow. Having also received widespread airplay from the likes of **Radio X**, The Phantoms are fast becoming one of Scotland's most exciting prospects.

Shadows, the forthcoming single from **The Phantoms**, is out on **21st April 2017**.
