

SINGLE PRESS RELEASE

Tokyo Taboo

Papercut

Band: Tokyo Taboo

Single: Papercut

Label: TT Records

For Fans of...Deap Vally, Paramore, The Black Belles

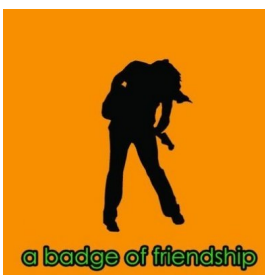

London duo **Tokyo Taboo** return with news of an upcoming UK tour supporting J-Rockers **Esprit D’Air** and a brand new single, **Papercut**, out **2nd February 2018** via **TT Records**.

Papercut races with frenzied riffs alongside front woman **Dolly Daggerz**’ trademark powerful vocals, creating a seething slice of punk-pop, with shades of the likes of American duo **Deap Vally**.

Accompanying *Papercut* is a tongue-in-cheek video depicting a group of apathetic 20-somethings participating in an experiment run by evil scientists. Of the video, director **Gabriel Ralls** explains: “... (it’s) about how we view and treat Millennials in the Instagram Age; but similarly how we fuck ourselves over as we often know better. Like the scientists in the video, the warnings signs are all around us.”

Having received support from **Radio X**, **Team Rock**, **Clash** and **Punktastic** - to name a few - it is with their live performances that Tokyo Taboo really shine. As Dolly spits and snarls each lyric over guitarist Mike’s raucous riffs, they deliver each of their sets with an electrifying energy and ferocious power, resulting in a completely engaging and utterly unforgettable experience.

Papercut is out **2nd February 2018** via **TT Records**.
