Scottish five-piece **Vigo Thieves** make a welcome return with the release of their debut album ***Heartbeats***, out now via **Hijacked Records**.

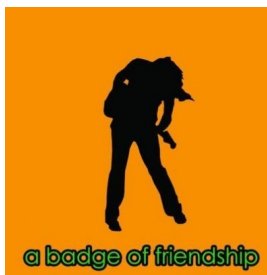

Heartbeats delivers an explosion of sound from the offset. Filled with thumping piano chords, soaring synths and lead singer **Stevie Juke**'s high flying vocals, this is an album that is unashamedly huge and ready to rock. Vigo Thieves have managed to create a stadium sound that fans of pop rock outfits such as **The Killers** will feel at home with. Each track is undeniably catchy and will have you singing along to its feel-good pop beats and infectious melodies.

Having formed in Wishaw in 2008, Vigo Thieves are no strangers to the live circuit. They have played **T in the Park** multiple times as well as supporting the likes of **The Courteeners** and **The Fratellis** amongst others. Vigo Thieves have also received praise from various well-regarded publications including **The 405**, **The Skinny**, **The Scotsman**, **NME** and **Drowned in Sound** to name but a few.

Their highly anticipated debut album couldn't come soon enough, having already received critical acclaim for previous EPs *Heart & Soul Pt I* and *Heart & Soul Pt II* in 2012 and 2013 respectively. Fast forward a few years and Vigo Thieves are ready to re-introduce the UK and beyond to their anthemic sound with their debut album *Heartbeats*.

Heartbeats by **Vigo Thieves** is out now via **Hijacked Recordings**.
